March 30, 2020

Dear Clinicians:

In the current state of the global pandemic, Stokes serves a critical role in caring for not only those directly impacted by COVID-19 but also maintaining the services and continuity of care that our clients and patients deserve.

WE ARE HERE FOR YOU. You may experience some delays on hold due to a shortage of call center employees, however outside of this we remain unaffected. At this time, we are not experiencing any chemical shortages as a result of COVID-19 and are not limiting quantities available for purchase. As always, we encourage you to utilize our 24/7 online system, iFill for the fastest service.

HOSPITAL ORDERS:

Call 888-508-5032

Protecting the health and wellbeing of our team, our shared clients and patients, and the community is, as always, our priority. We have implemented numerous processes and protocols to prevent the spread of COVID-19, while remaining open.

In these unprecedented situations, together we can help support our healthcare community and continue to provide our patients with their needed care. Please let us know if there is anything we can do to help.

Sincerely,

Michael Tursi
Owner/President
Stokes Healthcare
